## PROJECTS

---

### Food Munch ([badrifoodmuch.ccbp.tech](http://badrifoodmuch.ccbp.tech))

Developed a responsive website for Food Store where users can see a list of food items, detailed information about a food item, offers

- Designed page using following HTML structure elements like li, header, article, footer elements and different bootstrap components to show different sections in the website and different bootstrap classes for responsiveness through mobile-first approach.
- Implemented product youtube videos by using bootstrap embed and model components.

**Technologies used:** HTML, CSS, Bootstrap

### Wikipedia Search Application ([wikipediabadri.ccbp.tech](http://wikipediabadri.ccbp.tech))

Experience a new level of information access with a custom wikipedia search application that simplifies the search process. With a user-friendly interface and relevant results, users can expand their knowledge in no time.

- Intuitive search results with HTML list elements, styled with CSS, Bootstrap, and responsive design for a seamless user experience.
- Effortlessly access desired information with asynchronous fetch GET HTTP API calls and the option to open results in a new tab for further exploration.

**Technologies used:** HTML, CSS, JS, REST API Calls, Bootstrap

### Todos Application ([todobadrinath.ccbp.tech](http://todobadrinath.ccbp.tech))

A robust task tracking system with CRUD capabilities, crafted to simplify task management.

- Designed with HTML, CSS and Bootstrap to ensure a user-friendly interface for managing tasks.

- Dynamic UI updates through JavaScript event listeners and DOM operations for seamless CRUD operations.
- Secure task persistence through local storage methods, ensuring that tasks are never lost. **Technologies used:** HTML, CSS, JS, Bootstrap

## CERTIFICATES

---

### **AWS Mega Workshop**

I learned about the basics of cloud computing and how AWS fits into the picture. The instructors were excellent, breaking down complex concepts into easy-to-understand chunks

**7-Habits to become highly successful** it was a truly life-changing experience. The workshop was expertly facilitated, and the interactive sessions helped me to deeply understand and internalize the habits

## ACHIEVEMENTS

---

### **Project Recognition**

Designed a Robotic hand in a team of 8, winning third place in a competition.

### **Community Impact**

Volunteered 12 hours with my btech people, leading initiatives that supported a basic ideation on present technologies to the old people .
